WELCOME Future SSP SHARKS!

Did you know baby sharks are called PUPS? I always thought they were called doo, doo, doo, doo, doo, doos! Congratulations to our **Future Sharks** born this summer: **Gabriel Warren, Lucy Lorenz, Darcy Clerc and Patrick Hogan!**

Congratulations to this week's STARS... Our **SSP Teachers & Staff** for their tireless efforts to teach, adapt & adjust to our ever changing climate. The hardworking volunteers in the **PTO**, especially their president, **Ann Marie Guntli**. Kindergarten student, **Elliott Boudeman**, who was both an environmentalist (clearing our playground of litter) and a peacemaker (among classmates on the playground)! Finally, **Stephanie Wobbe** for her help piecing together and making movie magic for our PTO Virtual Back To School Night video! <https://youtu.be/EEv4tD3CuaY>

Congratulations to our most recent graduates from Sr. Diane Schlueter's **ETP** program: Anh Minh Cao & Joseph Khual (pictured below).

AM DROP OFF TWEAKS

Because of our continued morning drop off success, we're inching closer to our "traditional normal" of a **7:25—7:50 temperature screening**. Once again, if this is too aggressive we will walk back this time frame. In addition, we will attempt an all school electronic morning screening. The Pre-K pilot worked well. **The electronic version needs to be completed by 7:20 AM.** If you cannot complete the morning screening by 7:20 AM, you must continue to submit a paper screening form which can be found on page two of this publication. We will still assist families who do not have printers at home, but the easiest format would be: <https://forms.gle/xwUAzDDzRkyc3KqN9> by 7:20 AM. We have had very smooth, seamless AM drop-offs for many consecutive days; thank you for your part!
